For more convenience
The Digital Rearview Mirror uses a camera and display system to broaden rear visibility. Unlike traditional rearview mirrors, this mirror provides a wider, unobstructed view, showing three times more area behind your vehicle. Plus, it allows you to see behind the car even if the contents of the cargo area obscure visibility.

For extra power
Experience increased agility and a sharper response with our Polestar Engineered Optimization Software upgrade.*

- Quicker off-throttle response
- Increased gearshift speed and precision
- Improved engine performance
- Enhanced AWD torque distribution
