

Maintaining your vehicle's safety is our top priority. That's why it's crucial to have your tires, brakes, and wiper blades checked at every service.

Tire tread depth
We'll inspect the tread, wear, and condition of your tires. If necessary, we'll fit your Volvo car with tires that meet your vehicle's precise specifications.

Brake pad thickness
We'll help ensure your brakes operate at the highest level of safety. If maintenance is needed, we'll use only Volvo Genuine Parts and precision tools to complete the job.

Wiper blades
We recommend replacing your wiper blades every 12 months, or when streaking occurs, to help ensure clear vision and a safe ride.

We're here to help
